

# Pink Fairy Armadillo

I chose this animal species as the topic for my microsite and I would like to build it using six pages. Most of the imagery will probably be located in the home, habitat, and dietary habit pages.

Scientific name: *Chlamyphorus truncatus*

Smallest armadillo species

small eyes, silky yellowish white fur, and a flexible dorsal shell

## Home

Explain physical description, date of discovery, and brief explanation of Richard Harlan

## Habitat

## Dietary Habits

## Threats

## Conservation Efforts

## Sources
